**\*IMPORTANT NOTE:** Across the country, localities with relatively large college populations, including some Virginia localities, were often undercounted in the April 1st, 2020 Census Count. In order to correct this undercount, we have benchmarked the 2020 and 2021 population estimates on the Weldon Cooper Center estimates instead of the 2020 Census count for localities with populations that are comprised of over 20 percent college students. This includes Charlottesville, Harrisonburg, Lexington, Lynchburg, Montgomery County, Prince Edward County, Radford, and Williamsburg. Once the remainder of the 2020 Census data is released later this year, we will further examine the discrepancies in college town populations and make additional adjustments if needed.
